Dear General Heinz:

I very much appreciate the support you and members of your staff,
[redacted] have provided since my meeting
with your Director on March 28, 1988.

Since that time my Director of Security, John R. Lilley II, and members
of his staff have met twice with your staff to explain the intelligence
needs of this Agency. As a result of the last meeting, [redacted] asked
Mr. Lilley to detail those Security and Intelligence needs and provide
them to him for action. This request was reinforced by a memorandum I
received from William Webster dated May 18, 1988.

Enclosed is a brief statement which details FEMA's national security
mission, some background information concerning our current situation,
and a statement of our needs as requested by [redacted]

Thank you again for your support. My point of contact is John R. Lilley II,
Director of Security, FEMA 646-3555.

Enclosure

Sincerely,

25X1

Julius W. Becton Jr.
Director
